VOLUME I

OVERVIEW TO *GUIDE* USE

Chapter 1: Introduction	1-1
Difficulties Encountered in Compliance with Training Regulations	1-2
Where are the Training Requirements in the Regulations?	1-3
How Do I Avoid Covering the Same Material Over and Over Again?	1-3
How Do I Identify Roles and Responsibilities?	1-3
Developing a Training System that Works	1-3
Healthcare Accreditation Options	1-6
New Joint Commission 2008 Environment of Care: Essentials for Health Care.....	1-6
Healthcare Facilities Accreditation Program (HFAP)	1-8
Summary	1-8
Chapter 2: How to Use this Guide	2-1
Healthcare Facility Activities.....	2-1
Regulatory Training Text.....	2-2
Finding What You Need	2-7
Summary	2-8
Chapter 3: Practical Application of the Training Text	3-1
The Case of Bob Smith and the Second Chance Medical Center	3-1
How Bob Got Started	3-3
Hazardous Waste Operations	3-4
Occupational Exposure to Ethylene Oxide	3-6
Hazard Communication.....	3-6
Spill Prevention Control and Countermeasures	3-7
Patient Care	3-7
What Bob Learned About Identifying Training Requirements.....	3-7
Summary	3-8
Chapter 4: Systematic Approach to Training Program Development	4-1
How Bob Developed Second Chance’s Training Program.....	4-1
Analysis Phase.....	4-1
Regulatory Training Requirements	4-3
Best Management Practices	4-3

(continued overleaf)

Company Policies and Principles	4-3
Collecting Training Needs Analysis (TNA) Information	4-4
Design Phase	4-8
Learning Objectives	4-8
Single Modules	4-9
Training Methods and Settings	4-10
Instructor Qualifications	4-11
Learning Activities	4-11
Development Phase.....	4-12
Training Materials.....	4-15
Lesson Plans	4-15
Evaluating Competency	4-20
Implementation Phase.....	4-21
Evaluation Phase.....	4-24
Documentation and Recordkeeping.....	4-24
Summary	4-25

LIST OF FIGURES	Page
